I been housed in Unit 3 Worth A (mental health housing) for the last 4 weeks or so, every night I am waking up with feces, urine, and possibly other toxic bodily fluids. There is a strong odor of all this hazardous waste splashing around the walls and surrounding floor of my cell. During the time this occurs each night, I am denied cleaning supplies and any means of filing grievances about this issue at the time of need. As a result, I am forced to be exposed to the odor and hazardous biological waste for periods over 12 hours at a time, and am told by medical staff to avoid contact with others when throwing up or having diarrhea. When I clean my cell, I am not given any glove or eyewear or other PPE or any extra changes of clothes leaving me to contaminate my bedding when it sleeps.

I declare under penalty of perjury that the above statement is true to the best of my knowledge.

I, Daniel Clark, Class Member of Wolf Clan v. Washington State D.S.H.S., am a Resident of 3NA Mental Health Housing Unit.

The toilets in this unit are unclean, each one back-flushes Raw Sewage, in which causes bubble-ups and splashes of nasty Poop in each other's Cell. Every morning, I wake up to Shit in my toilet every morning, being forced to eat next to a Smelly unsanitary toilet... Also,

Our unit Produces the Most Nausous, Gasey odors, leaving us to Constantly in-hale Sewage particles. I have constant headaches, upset stomach's, throw-up and at times I can't even eat. My Mental Health is at a Low, constantly depressed at how we are being Treated.

My old Cell-Mate, Chris Diopoli, Spoke of hanging himself because the Smell/odor, he then 4/23/2023, told officers that it Smelt So bad, and that he didn't feel Safe. He was Put in the hole.

We are being Treated Worse then General Population.
